

REMARKS/ARGUMENTS

1. Response to the Office action of Oct. 20, 2006:

5 This is a full and timely response to the Office action of 10/20/2006. In this response, the specification, and claims have been amended as required by the Examiner. The specification and claims have been reviewed and corrected in its entirety for fixing typos. No new matter is introduced in these amendments. Acceptance of the amended specification and claims in the application is respectfully requested.

2. Response to the Notice of Non-Compliant Amendment of Nov. 22, 2006:

10 The problem of Claim 1 lacking underline to indicate the change has been fixed by adding an underline between “influenced” and “intensity” in the currently amended claim
15 1, line 12.

 Applicant does not agree that Claim 2 lacks underline to indicate the change because an underline indicating the change can be found between “has” and “a” in the currently amended claim 2, line 2 of the response to the Office action dated Nov. 9, 2006.
20 However, all of the changes in the response to the Office action of Oct. 20, 2006 are marked and underlined again in this response to comply with both of the Office action of Oct. 20, 2006 and Notice of Non-Compliant Amendment of Nov. 22, 2006.

 Since the application is in condition for allowance, applicants respectfully request
25 that a timely Notice of Allowance be issued in this case.

Sincerely yours,

Winston Hsu
